Onsite, Online, Manuals, Instructional Videos - whatever works best for you. Let our certified training department take your staff to the next level of learning ...and get the most out of EnCORE™.

Data Conversions

Are you concerned that the information from your current system can't be brought into EnCORE™? Worry no more - CORE can convert virtually any data from any system into EnCORE™. Our certified staff of DBA's have converted hundreds of different systems into EnCORE™ including: Desert Micro, WAM, Trashflow, Tower, Quickbooks, Pros, MAS, FoxPro, Excel, Delta, RDS, SAP, Soft-Pak, Trux and many custom and home-grown applications.

Implementation Design

Complete coordination of software conversions. Leverage our years of experience and hundreds of installations to ensure a smooth and successful transition to the EnCORE system.

Report Writing and Business Consulting

Get a handle on internal productivity and performance with EnCORE™'s professional report writing services. Although EnCORE™ comes with over 250+ standard reports, we understand that every business has different needs. Let us help you customize your reports to make your business run more efficiently and help you understand your business like never before.

Software Development

Do you have an idea you want put into EnCORE™? Our team of experienced software developers have first hand industry knowledge and the necessary expertise to turn your idea into production.

Accounting GL/Integration

Tired of making daily journal entries? EnCORE™ can interface with virtually any GL accounting software system. Leverage our experience and expertise to implement one of our standard GL bridges or we will work with you to build a custom interface based on your exact specifications and business requirements.

Remote Backup Services

Have you ever suffered a data loss and had the task of reentering the lost information? If you have, we don't need to convince you of the value of backups. CORE offers a wide range of products and services including remote data backup services to protect one of your company's most valuable assets - it's data. Already an EnCORE™ Online client? Our powerful remote backup service comes standard with each system.
